

Affinity Diagram: Campus Events App

Core Features	User Experience	Challenges	Business / Growth	Technology
Event feed	Simple UI	Ignore notifications	Ads	Mobile app
Search	Mobile-friendly	Outdated info	University partners	Web version
Filters	Notifications	Too many events	Premium features	Database
Save events	Personalized feed	Clubs don't post	Expand campuses	Cloud storage
RSVP	Dark mode			AI recommendations
Calendar sync				

Goal: group related ideas into clear categories to guide the app design.
